

ALLIANCE FRANÇAISE D'OKLAHOMA CITY PRESENTS

Eleanor Kirkpatrick Franco-American Fellows Program

Inaugurated in 2010, this program is the only one of its kind in the United States. Each year, a group of young Oklahoman high school students travel to France to spend two weeks of research in Hauts-de-France. In return, French students are welcomed to Oklahoma for two weeks where they live with local families and conduct their research.

This program encourages global awareness and understanding of international language and culture through student exchange and academic study. It is supported by an endowment from the Kirkpatrick Foundation and generous donors like you!

Your gift will benefit the program in perpetuity, helping us to broaden the horizons, and contribute to the development and academic achievements of Oklahoma students each year.
